## **AP COMPUTER SCIENCE A**

An awesome class for anyone who wants to learn to write complex computer programs! No prior experience in programming is needed, but it helps to have strong math skills (passing Math 2 is a prerequisite).

- × Master the Java programming language. The class consists of traditional lecture, readings & practice assignments, as well as larger programming projects.
- × AP Exam is a combination of a multiple choice test and a free response test where you write short Java programs by hand.

Counts as Area C – Mathematics on the UC A-G list

# What is AVID? Want to be ready for college ? APPLY !

A support structure for students determined to succeed in higher level courses. **STUDENTS** are **CHOSEN FOR THEIR**

- COMMITMENT
- DRIVE
- DREAMS

ADVANCEMENT VIA INDIVIDUAL DETERMINATION

# AVID is NOT:

- A remedial program that helps students with “basic” skills
- A free ride to college
- A free class period
- A quick fix (AVID takes commitment!)
- A homework club
- A study hall

# AVID is :

- Success in rigorous curriculum
- A college preparatory path
- Increase enrollment in four-year colleges
- Prepares responsible participants and leaders

# Hot Topics:

What is  
going on in  
our world?

What can  
be done  
about it?

What do you  
want to do  
about it?

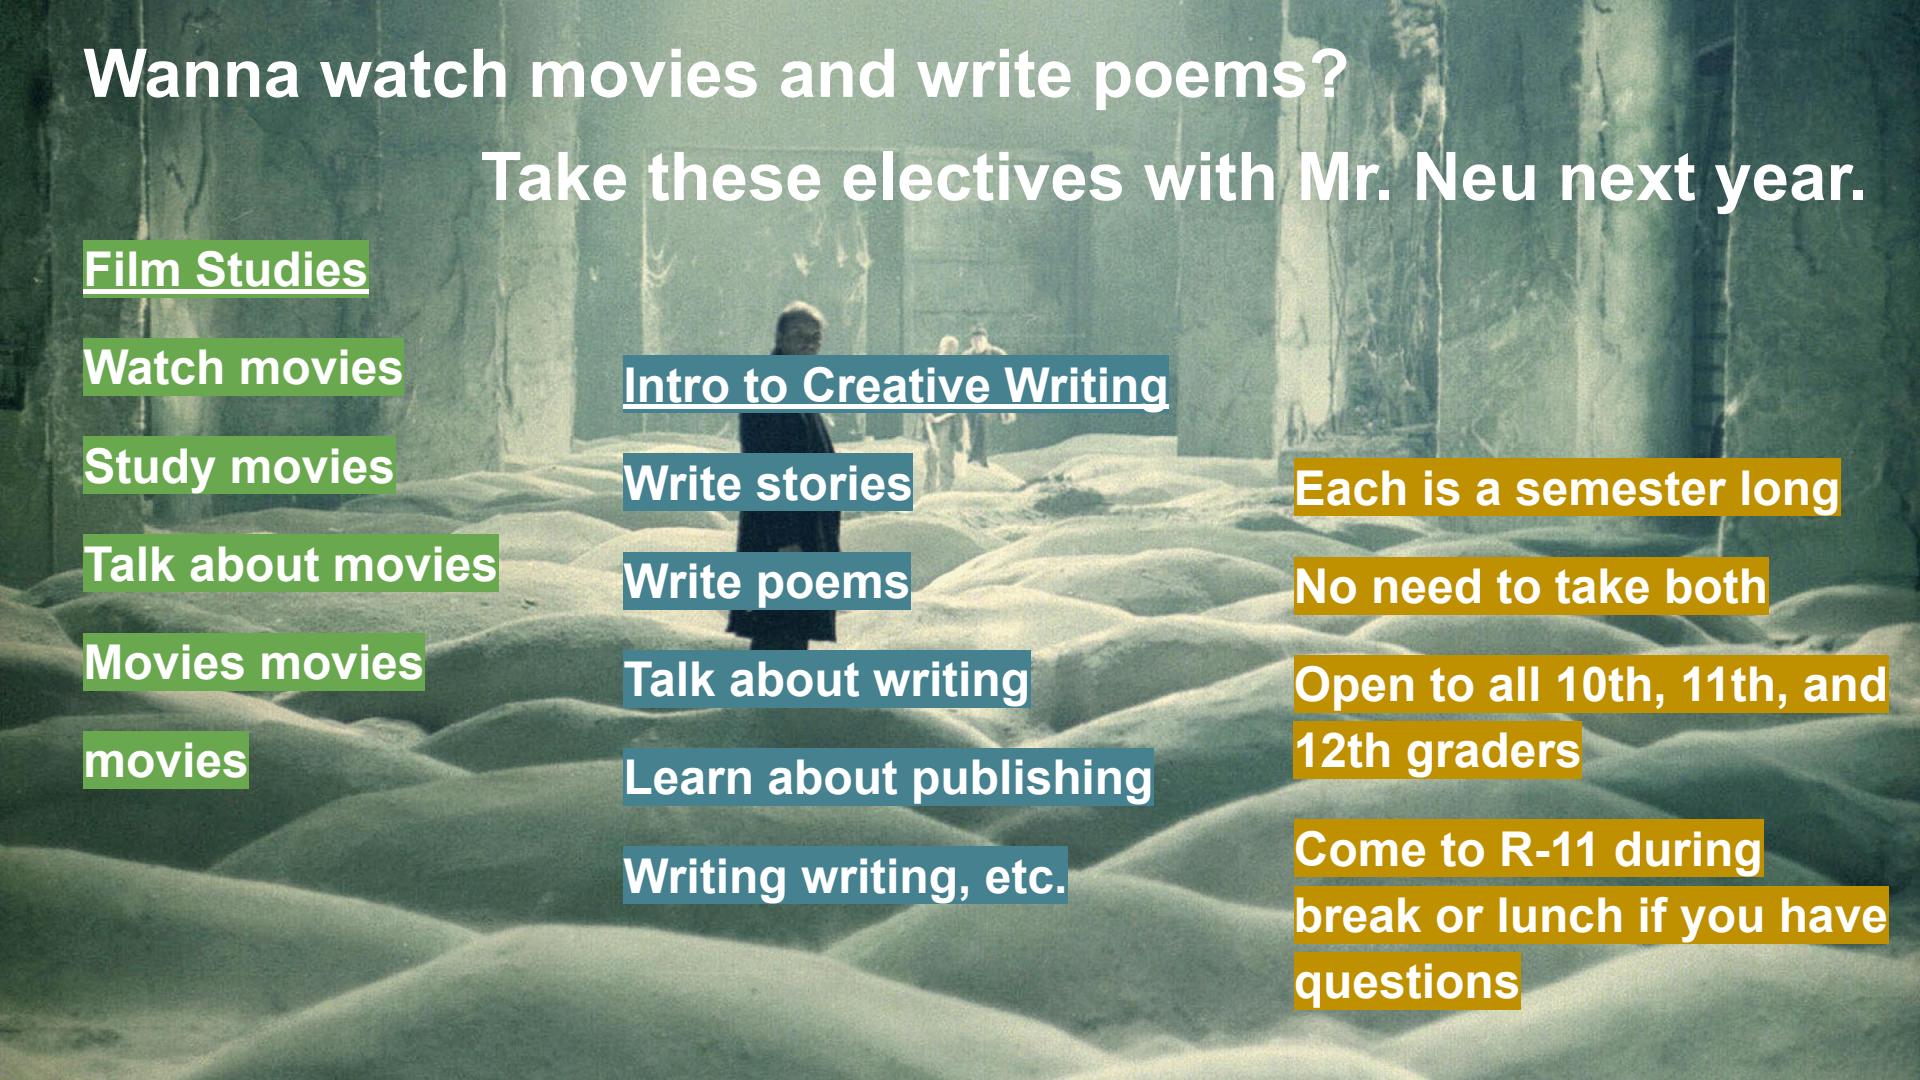

Discussion-based &  
current events  
focused. Study  
groups that are  
actively working for  
social change!
