Petaluma Accelerated Charter – Proposed Amendment to Course Offerings

Petaluma Accelerated Charter (PACs) will hold a public hearing to consider a proposed amendment to its charter regarding course offerings for the upcoming academic year. The proposal involves replacing the current **Spanish language** course with a **Student Success** course.

The **Student Success** course is designed as a structured support period that helps students build strong academic habits and manage their responsibilities effectively. The course will focus on:

- Goal-setting and time management
- Developing academic routines
- Completing assignments and project work
- Preparing for the transition to high school
- Receiving targeted academic support

PAC believes this shift will provide students with practical tools to strengthen their academic performance and long-term readiness for high school and beyond.

Public Comment: Students, families, staff, and community members are encouraged to attend and share their feedback. *For more information or to submit written comments in advance, please contact Tony Hua, thua@petk12.org*
