

Petaluma High School

Facilities Update: an update for our families, staff & neighbors

HOME OF THE TROJANS

SUMMER 2026 CAMPUS IMPROVEMENTS

Improvements Are Underway!

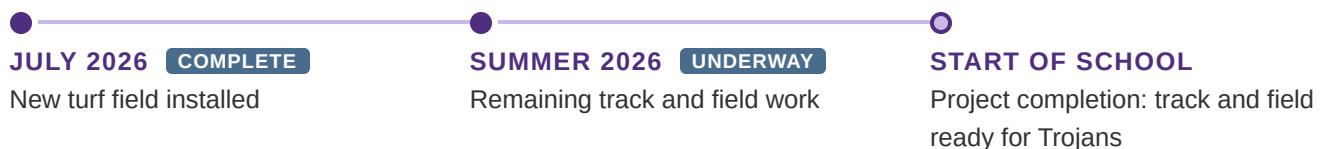

Big improvements are taking shape at Petaluma High School this summer. The replacement of the track and field is well underway, and the new turf field has been installed. Crews are completing the remaining track and field work now, with the project on schedule to be finished for the start of school.

In addition, planning is underway for a new campus-wide clock and speaker system, with equipment purchasing and installation in progress. These projects are part of the district's ongoing investment in safe, modern campuses for our students and staff.

WHAT'S HAPPENING

- **Track and field replacement** with new turf installed
- Remaining **track and field work** finishing this summer
- New **clock and speaker system** in planning
- Part of **district-wide** facilities and energy improvements

Key Milestones

Safety During Construction

Work areas remain fenced and separated from the rest of campus while crews complete the project. Access to athletic facilities is limited this summer, and we appreciate the community's patience as we finish strong.
